

ROADMAP, TIPS & TRICKS

YNGVE RØE

FACULTY OF HEALTH SCIENCES

COHORT 2 – 2020/2021

WHAT I SPENT MY (EXTRA) TIME ON LAST YEAR

- Writing papers
- Writing proposals
- Finding a future direction of my research

VISIONS AND 5Y OPERATIONAL GOALS

- Participate in a leading research group/centre/program on Health Literacy education
- Being a member of clinical research projects in collaboration with health professionals
- Lead or coordinate high quality research projects
- Being a 'sought expert' on active digital pedagogies
- Regularly disseminate research on Health Literacy education
- Lead work-packages on externaly funded clinical research
- Develop knowledge and skills about collaborative working processes in research, including leadership
- Develop novel and innovative digital pedagogies, such as models for use of formative assessment and use of student assistants

PERSONAL LEARNING OUTCOMES FROM THE PROGRAM

- Introduced to a new and different mindset for research
- Removed mental barriers to take the next step
- Confidence with regard to future directions

YNGVE'S BEST TIPS & TRICKS

- Invest time working with the other participants
- Use the administrative support offered you at the program
- Think big - be creative!
- Lower your shoulders and enjoy the journey!
